I. O. O. F.

Office of the Grand Master.

EDWIN FARRER,

Grand Master.

*Rushville, June 10, 1905.*

(TO BE READ ALOUD IN ALL LODGES.)

## TO ALL LODGES AND MEMBERS I. O. O. F. IN THE JURISDICTION OF INDIANA:

BROTHERS: The time of year is at hand when extra efforts are necessary to induce the brothers to continue their labors in their Lodge rooms—when the temptation will occasionally be strongly presented to take a vacation, postpone all initiatory and degree work until the nights are longer and cooler and we are not so busy. We have, however, learned by experience in past years that the Lodge that yields to this temptation and temporarily ceases its active work, finds when, at last, the nights have grown long and cool, that it has sunk into a dormant condition from which it is very difficult to arouse it. The wisest plan, therefore, is to resist such temptation and to continue active throughout the year. It is especially desirable and necessary that we do so this year in view of our decision that this should be a year of special effort for the attainment of the 70,000 mark. Our work to that end has been well commenced and must not be permitted to lag. During the recent session of Grand Lodge many evidences were visible of the renewal of interest and increase of zealous effort for the promotion of the interests of the Order. Many encouraging reports were heard from various parts of the State of the increase of Lodges and members and promises were made of the continuance of the good work during the ensuing term. The Representatives and D. D. G. M.'s expressed their desire and intention to continue their efforts, but, to insure the success we desire they must receive the hearty support and assistance of the entire membership of their Lodges and districts. Each member should feel that his individual action is necessary to the accomplishment of the task before us and I now appeal to you once more for a general and vigorous effort for increase. There should be initiations in every Lodge in the State each month. There should also be a committee appointed in each Lodge to secure, if possible, the reinstatement of dropped members. There should be held a district meeting in each county in the State. Many have already been held this year with good results. Let there be more.

In conclusion, I thank you for the support you have given me in the high office I am trying to fill, and now ask that you give this letter your serious attention. Do not simply place it "on file;" read it carefully, discuss it, and ACT UPON ITS SUGGESTIONS.

Fraternally,

*Edwin Farrer*

Grand Master.

*Indianapolis, June 10, 1905.*

DEAR BRO. SECRETARY:

Enclosed find blanks for your report for the term ending June 30, 1905. It is of the **highest importance** that **every item in the report** be checked or supplied. Compare totals of members with last report made, and if they do not agree, explain in "Remarks" column cause of discrepancy. Exercise the most **painstaking care**.—If report does not agree with last report made, or is not satisfactorily explained, I can do no less under the law than return it to you for correction. **Promptness** will prevent annoyance. **Your report should be in my possession by July 15.**

Write all **names** legibly, and spell them correctly—print them. I print them **exactly** as you write them.

The next session of the Grand Lodge will be held November 22 and 23. I will send blank credentials, etc., with my October circular.

The current term pass-word has been transmitted to the D. D. G. M. of your county, and will by him be communicated to your installing officer.
